Amish Door Village Announces Final Performances of “Daniel”

Wilmot, Ohio- The Amish Door Restaurant & Village in conjunction with 34west Theater Company will give their final performances of their hit biblical drama “Daniel” on September 21st and 22nd.

“Daniel” is a contemporary telling of the Old Testament book brought to life through an average prisoner with an extraordinary ability. This play is set in a not-so-distant future that is void of justice and morals. At a nation’s lowest point of despair, the world’s most powerful dictator asks Daniel to interpret his dreams. He becomes an advisor to the King in all matters of government. But as the Babylonian Empire begins to fall, Daniel’s life is threatened. With the help of an unsuspecting ally, Daniel risks everything to stand for the truth and save a dying nation.

The play weaves together a story of intense drama and light humor. “Laughter can be found in even the most trying of circumstances,” says playwright and actor, Stephen Baldwin. “The story of Daniel is both hopeful and very personal.”

A bountiful meal of home-style favorites accompanies the performance. Doors for the show open at 6:15pm; dinner is served at 6:30 and the show to follow. For more information please call 888-264-7436.
